

Besides the Free Store, community members can receive basic essentials through our Pop-Up Shops that we host throughout the county in targeted, low-income areas.

Each year, we host the SHOES Program where we provide a custom shoe fitting and free athletic shoes to elementary students to start the school year on the right foot. We want to offer the best we can to our members, and this is all made possible by our community of volunteers and donors who continue to help our programs thrive.

WHERE WE ARE HEADED

MEMBER SUPPORT

As In The Image looks to the future, we have a desire to support our members in deeper ways. This will be accomplished by adding a case manager to the team, increasing community connections and building robust knowledge of local resources.

RESOURCE FAIRS

Our work is always guided by a desire to meet basic needs and support individuals with as few barriers as possible. Our goal for 2025 is to establish a resource fair that allows community members to interact with multiple service providers in one location. Neighbors can seek support, work, essential need items, etc. with less transportation burden.

INCREASED POP-UPS

In 2025, we will increase our outreach by hosting more Pop-Up Shops. This allows us to reach some of the most vulnerable and atrisk populations in our community by taking essential items directly to neighborhoods in need of support. By partnering with other non-profits, we multiply the impact for community members seeking assistance.
